

GAURAV KUMAR | SOFTWARE DEVELOPER

+91 8604175150 | gauravprajapati8604@gmail.com | [Linkedin](#) | [Github](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Software Developer with hands-on experience across three internships, specializing in Software development, REST API integration, and backend application development. Built and integrated 20+ REST APIs and backend services, working with Python, Java, SQL, and Git. Strong foundation in data structures, backend architecture, and database-driven application development.

INTERNSHIPS

Web Development Intern | Octanet Services Pvt Ltd, Remote | [Certificate](#) Jun 2023 – Jul 2023

- Worked on **Java** and **Spring Boot** web development, implementing backend functionality and integrating application components well.
- Developed **RESTful API integrations** using Java and Spring Boot, leveraging Postman to **test requests, validate responses**, and issues.
- Used **Git** for version control, managing feature updates, bug fixes while keeping code changes organized across development cycles.

Full Stack Development Intern | United University, Prayagraj | [Certificate](#) Aug 2022 – Sep 2022

- Built **CRUD modules** using **Python, Django MVT**, integrating HTML, CSS, and JavaScript with database-backend application features.
- Resolved **REST API** issues, tested endpoints using **Postman**, improving overall API reliability across key application modules effectively.
- Applied **SQL indexing, query optimization** techniques, improving **data retrieval** efficiency by approximately **30%** across key endpoints.

Project Development Intern | United University, Prayagraj | [Certificate](#) Aug 2022 – Sep 2022

- Developed **Python** backend modules and integrated REST APIs to support application features & structured data processing workflows.
- Designed normalized **RDBMS schemas** with integrity constraints and improving overall **data consistency** across application modules.
- Worked on requirement analysis, **debugging**, issue resolution, & technical documentation throughout the project development cycle.

PROJECTS

HemoVital – AI-Powered Blood Donation & Management System | Python, Django, Restful API, SQLite | [Github](#) | [Live](#)

- Built and deployed a full-stack application with RESTful APIs for donor registration, blood requests, and role-based user workflows.
- Optimized **database queries and indexing techniques**, reducing API response time by approximately **40%** in the test environment.
- Developed and tested **10+ REST API endpoints**, using Postman to validate API responses and **resolve backend API integration issues**.

Rural Connect – Centralized Rural Grievance Resolution System | Java, Spring Boot, Restful API, MySQL | [Github](#) | [Live](#)

- Developed **backend services** using **Java, Spring Boot**, building RESTful APIs for grievance submission, tracking, and resolution workflows.
- Implemented **JWT authentication**, role-based access control for 3 user roles, **securing application modules** and backend resources.
- Built **email notification** workflows for grievance updates and supporting users throughout the complete 5-stage complaint lifecycle.

CERTIFICATIONS

- **Python Programming** | Infosys | Python fundamentals & programming concepts | [Certificate](#)
- **Java Programming** | Infosys | Java fundamentals, & programming concepts | [Certificate](#)
- **Problem Solving** | HackerRank | Algorithms, data structures & coding challenges | [Certificate](#)

TECHNICAL SKILLS

Language & Frameworks: Python, Java, Django, Spring Boot, SQL, NoSQL, JavaScript, HTML, CSS

Developer Tools: Git, GitHub, Postman, VS Code, Docker

Core Concepts: RESTful APIs, MVT/MVT, OOP, RDBMS, Data Structures, Debugging, Query Optimization

EDUCATION

Master of Computer Applications (**MCA**) | Chandigarh University, Mohali, Punjab

Aug 2024 – May 2026

Bachelor of Computer Applications (**BCA**) | United University, Prayagraj, Uttar Pradesh

Aug 2021 – May 2024

ACHIEVEMENTS & LEADERSHIP

- **Secured 3rd Position** in the **Project Development Competition** at Chandigarh University for developing and presenting a project.
- Participated in national, international **tech events and hackathons**, gaining exposure to software industry and emerging technologies.
- Served as **Joint Secretary** of the Coders Paradise Society at Chandigarh University, contributing to technical activities & student initiatives.
